

The **Huon** 1 bedroom

The Huon 1 bedroom

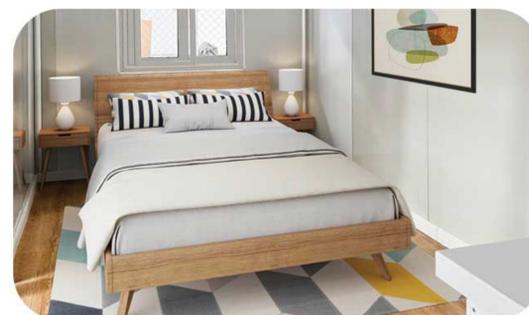

The Huon – Quick, Affordable, and Ready to Use

Affordable: A fraction of the price of traditional building methods.

Fast: Timeframes that will really put a smile on your dial - weeks not months. **Tiny:** Importantly, where it matters - well over half of Tiny Home owners happily live mortgage free.

The Huon is a compact 13sqm tiny home designed for simplicity, affordability, and versatility. Whether you need a home office, man cave, or an affordable weekender, The Huon provides a ready-to-go solution that's perfect for modern living.

Manufactured for easy setup, you can move in the very same day. Despite its compact size, The Huon includes all the essential features of a comfortable home — delivering convenience and functionality without stretching your budget.

- Huon features include:**
- Easy set up/installation
 - Plug and Play ~ move in the same day
 - 50mm cool room panelling ~ walls and roof
 - 3mm steel plate on roof
 - Constructed from a 3mm gal steel frame
 - Aluminium window and sliding door frames
 - Fully plumbed in bathroom and kitchenette
 - Flip mixers in shower, vanity and kitchenette
 - Soft closing kitchen cabinets
 - Stone effect kitchen benchtop (silica free)
 - Shower rail and rain maker head
 - Soft close toilet lid
 - Fibre cement (Mgo) flooring
 - Power connected by 15 amp extension lead.

Due to continued product improvements, the images shown may vary slightly from the actual product. Decks, pergolas, trailers, furniture etc are not included.
